2018 MILLESIME CHRONICLE

The different Pinots Noirs from this “BOUZY ROUGE 2018” come exclusively from our La Bruyère parcel, an old vineyard planted in 1973 at mid-slope with a full southern exposure. Its location combined with a particularly mild summer climate have enabled the Pinot Noirs to reach exceptional maturity. The result is a wine with an explosive bouquet supported by a fine tannic structure that will truly delight your taste buds either now or after a few more years of ageing. It will be a great ally for any occasion, from the aperitif to the dessert.
