

## Merlot 2021

### The story:

I am a vinophile globetrotter.  
You can find me wherever wine grape grows.  
That's probably why I am so adaptive.  
Although my roots are in France, I  
love my new home Sopron, where I enjoy  
the view over Lake Neusiedl. Even if I come  
across as a bit rough and wild at the moment,  
my serene and soft side is already recognisable.  
I tend towards mulberry, plum and  
dark chocolate. I am Merlot 2021.
