

Rosé - könnyű & fűszeres - 2021

The story:

Years ago, Hungary's ambassador, Kékfrankos met somewhat exotic Shiraz in Hungary. But they have been great friends ever since, as they exquisitely complement each other. The youthful lightness of sometimes untamed-seeming Kékfrankos is complemented perfectly by the classy nature of Shiraz. This friendship is best described by two words: könnyű és fűszeres - light and spicy. This is Rosé - Kékfrankos & Shiraz 2021.
