### DOCa. RIOJA

SUBZONA RIOJA ALTA

#### PROFILE

FRUIT	●●●●●●●●
ACIDITY	●●●●●●●●
TANNIN	●●●●●●●●
BODY	●●●●●●●●
INTENSITY	●●●●●●●●

#### TERROIR

Variety: 95% Tempranillo & 5% Graciano

Altitude: 550m

Soil: Limestone and clay

#### 2020 VINTAGE

Moderate rainfall in Spring.

Similar temperatures as 2019.

Due to high Spring temperatures the growing cycle was 10 days earlier than normal.

Vineyard growth was healthy and balanced

Very healthy grapes at harvest.

#### VINIFICATION

We selected the grapes to obtain a young wine with greater structure, smooth tannins and a deep colour.

Grapes were destemmed and gently crushed before a cold soak of 24 hours before fermentation.

#### NOTAS DE CATA

Deep purple in colour, intense and bright.

Fresh red fruits with liquorice on the nose. Hints of black fruits combine with the essence of the chalky soils of Uruñuela bringing notes of flowers and herbs.

Fruit driven on the palate with intense notes of cherry, blackcurrant and raspberry. Great structure, well balanced with soft, velvety tannins and a long finish.

Temperatura de servicio: 15-16°C Alcohol: 14,0%
